

Will the Seminar count in my CPD hours?

We aim to provide 15 hours of CPD events in order to meet IIPM Members' CPD requirements. These events are a combination of webinars and seminars, and a mix of 1 hour and 2 hour events. In addition to Pensions webinars and seminars, we run events with Life Assurance, Savings Investment and Ethics topics to cover the 1 hour requirement in each of these categories.

The CPD codes will be emailed following the webinar, if available. You can also check the CPD codes by going to the News page and selecting the relevant event here [[Link to News/Resources page](#)].

These pages are updated with CPD codes as soon as we receive them. Please note that if you are an IIPM Member, you must complete your year end CPD return on the IIPM Portal, even if you also record your CPD with another organisation.
